

Prepositions

Lyrics by GrammarFlip

GrammarFlip

Prepositions are words that show
Where things are or where things go!
On, in, under, or next to me,
Prepositions set your writing free!

After lunch or **on** the chair;
They tell us when, they show us where!
Under the table, **before** the show,
Prepositions make your writing flow!

Prepositions are words that show
Where things are or where things go!
On, in, under, or next to me,
Prepositions set your writing free!

Around the corner, **through** the gate;
They tell us where; they keep things straight!
By the river, **down** the street,
Prepositions keep our writing neat!

Prepositions are words that show
Where things are or where things go!
On, in, under, or next to me,
Prepositions set your writing free!

At the park or **after** school;
Prepositions are a handy tool!
With each small word we take a ride,
Showing time and place, we can write with pride!

Prepositions are words that show
Where things are or where things go!
On, in, under, or next to me,
Prepositions set your writing free!

Prepositions are words that show
Where things are or where things go!
On, in, under, or next to me,
Prepositions set your writing free!
